

## STATE DRY OFFICERS MAKE ARRESTS IN SALEM RAIDS

### SHERIFF NAMES DEPUTIES FOR OFFICE POSTS

James Elliott Will Stay At Work Is Report From Lisbon

### FORMER SHERIFF TO BE JAILER

Judge Lones Begins Term Of Office; Bauknecht Makes Ready

Frank M. Hill of East Liverpool, named by Sheriff-elect William J. Barlow to be office deputy, announced today that he had declined the appointment.

Hill notified Barlow two weeks ago that he could not accept because of another business connection, but no public announcement was made by Barlow.

With the announcement today comes the report from well-informed circles that James Elliott, office deputy for the last four years under the administration of Sheriff George Wright, has been asked by Barlow to accept the appointment. It is understood Elliott will remain on the job.

**Lewis To Be Jailer**  
Although Barlow, sworn into office last Saturday, was withholding announcements of further appointments today, it is generally understood that Gomer Lewis of Lisbon, former sheriff, has accepted the post of jailer.

This completes Barlow's official family. George Harhoff of Salem having been appointed field deputy. Barlow will assume his duties as sheriff next Monday when the following officers-elect begin their terms.

John E. Bauknecht, East Palestine, who will succeed Robert M. Brookes as prosecuting attorney; Lloyd C. Kirk, Salineville, re-elected surveyor; county commissioners, J. C. Kelly, East Liverpool, and Frank By, near Negley, both re-elected. Term of the third commissioner, J. Howard Sinclair of Hanoverton, does not expire for two years.

Common Pleas Judge W. Frank Lones of Wellsville, who has been filling the temporary term of the late Judge A. G. Moore, began yesterday the six-year term to which he was elected last November.

**Other Changes**  
Probate Judge Lodge Riddle will begin his third term Feb. 6. This term is for four years. Clerk of Courts Frank Ballantine of Salem will hold office until Aug. 5, when he will be succeeded by John Noble, Salem. A report is persisting that Noble will name William G. Alden of Salem as his deputy.

Fred George, Madison township, re-elected county treasurer, will begin his second term Sept. 2. Terms of County Auditor Elmer E. Walker of Damascus and County Recorder Paul Smith of Lisbon do not expire until 1931. Their successors will be named at the election in November, 1930.

### MYRON HERRICK REPORTED ILL

Cleveland, Jan. 2.—Myron T. Herrick, U. S. ambassador to France, was reported near death at his home in Chagrin Falls, near here, today.

Herrick, who is 74, suffered an attack of bronchitis about 10 days ago, it was learned, and has been confined to his home since that time.

Two tanks of oxygen were rushed from Emergency Clinic hospital here to the Herrick home early this morning. A nurse also was sent from the hospital.

Herrick has been ambassador to France since 1912. From 1903 to 1903 he was governor of Ohio. He has been back from France for several months past and has traveled extensively in this country since his return.

On one occasion he made an airplane flight with Col. Charles A. Lindbergh from Cleveland to Chicago. Lindbergh was his guest at his Chagrin Falls estate for about a week. Ambassador Herrick greeted the young flyer and was his host on the completion of the first non-stop trans-Atlantic flight.

### Kiwanis Installs Officers For Year

Officers for the new year will be installed at the regular meeting of the Kiwanis club, which will be held at the Memorial building at noon Thursday.

C. W. Kaminsky will succeed H. L. McCarty as president. Other incoming officers follow: Arthur Stitzer vice president; Arnold P. Bates, secretary; and Ford D. North, district trustee. W. B. King, Rev. G. D. Keister, and Dan Pearson compose the new board of directors.

Thursday's meeting will be the regular monthly business session of the club. The board of directors is scheduled to hold a meeting tonight.

ELKS' REGULAR LODGE MEETING THURSDAY NIGHT, 8:00 O'CLOCK. INITIATION, LUNCHEON, ENTERTAINMENT.

### Byrd Honors His Boyhood Hero

Upon the occasion of his recent visit to Christchurch, New Zealand, Commander Richard E. Byrd paid a tribute to the man who, in his own words, was "the outstanding hero of my boyhood days," Captain Robert Falcon Scott, famous Antarctic explorer. The intrepid American is here shown laying a wreath upon the Scott monument.

### TREASURER TO ENTER PLEA IN LIQUOR CHARGE

Buckley Will Claim He Is Not Guilty In Ohio Court

Columbus, O., Jan. 2.—"Not Guilty" will be the plea of Bert B. Buckley, state treasurer, when he is arraigned in federal court here Saturday to the indictment charging him with conspiracy to violate the liquor laws and defraud the government, chiefly by offering bribes. It was learned today, although Buckley is admitted to practice before the federal bar, he will be represented by counsel when arraigned. His attorney's name has not been made public.

Buckley and his alleged fellow conspirators, John L. Schrimper, Cincinnati attorney and former state legislator and Joseph Sperber, Cincinnati brewmaster, were indicted by the federal grand jury late Monday in its final report to Judge Benson W. Hough of the federal court.

That the grand jury may be recalled was intimated in the indictments which at various places cited "divers breweries" without revealing names.

**Name Charges**  
The district attorney's office here refused to comment on the possibility of the jury being recalled. It was pointed out, however, that in as much as the Buckley-Sperber-Schrimper indictment contains 68 pages and approximately 20,000 words, the jury may be on a "recess" only while additional indictments are being prepared.

It is alleged that the conspirators offered \$300 a month to John F. Eckhart, acting assistant federal prohibition administrator in the Ohio-Indiana district, for "protection" and promised him political influence so that he might be appointed either state or deputy prohibition commissioner for Ohio. The maximum prison sentence under each charge is 10 years. If convictions were secured on both counts the men would face 20 years in a federal penitentiary.

### Canton's Veteran Policeman Dies In Auto Mishap

Canton, Jan. 2.—James L. Lindsmith, 61, the oldest member of the Canton police force, was killed here today when he was struck by an automobile allegedly driven by Alfred Blyer, 45. The latter was held by police pending an investigation by the coroner. On March 25, of this year, Lindsmith would have been on the Canton police force 22 years.

### READY TO RETIRE

Want to get out of business? Perhaps you have a buyer, more likely not. Remember, there is one sure method of locating a purchaser. This is by using a "BUSINESS OPPORTUNITIES" Ad in the Salem News Classified Section.

### Mayor Hiddleston Makes Report

A total of \$1,298.60 was taken in by Mayor Phil G. Hiddleston during December as the city's share fines, costs, building permits and licenses during the month. The state received \$95.70 and the county \$43.90.

Five building permits were issued for building of residents and the Eagles lodge home. Permits were estimated at a total of \$40,000.

Fines in city cases totalled \$1,089.70 and costs \$113.40. A total of \$91.50 was received from issuance of licenses.

### SENATORS ASK MARINE RETURN

Washington, Jan. 2.—The inauguration of Gen. Jose Maria Moncada as president of Nicaragua, caused senate opponents of the administration today to revive their contention for complete withdrawal of United States marines from that country.

Press dispatches reported the new president begins his regime with every prospect of continued peace and commercial expansion. The hostile senators claim the reason advanced by President Coolidge, that the marines were sent to the Latin-American Republic to supervise the presidential election, ended with the victor's inauguration.

Senator Borah, Idaho, chairman of the senate foreign relations committee, intimated the senate may take some action for America's evacuation of Nicaragua if the administration does not issue orders for their recall soon.

### Body of Co-Ed Is Found In Lake Erie

Cleveland, Jan. 2.—A four day search for Miss Elizabeth Bosworth, 21, missing Western Reserve university co-ed, was ended today, her body having been found floating in Lake Erie, yesterday.

Miss Bosworth, daughter of F. C. Bosworth, prominent attorney, had been in ill health since October when a nervous breakdown forced her withdrawal from Western Reserve.

### Youngtown Couple Hurt In Accident

El Reno, Okla., Jan. 2.—Sixteen persons were injured when a Pickwick Stage Line bus enroute from Tulsa to Amarillo, Texas, crashed into a concrete bridge two miles east of here today.

Among the injured are: Mrs. Almira Trunkel, Pittsburgh, Pa.; J. R. Simmons, Dannegan Springs, Mo.; Mr. and Mrs. D. B. Worster, Youngstown, O.; Sergeant James W. Fields, Jefferson Barracks, Mo.

### Salem Building Shows Great Increase; Half Million Mark Is Nearly Touched During Year

Industrial Plant Expansions Play Large Part In Year's Total; Fraternal Order's New Home Also Boosts Mark; Record Set

Building projects in Salem in 1928 reached a record-breaking peak, construction work conducted in the city in the past 12 months approximating \$496,295, according to building permits issued by Mayor Phil G. Hiddleston last year.

A total of 166 permits for construction work in the city were issued by Hiddleston, 37 more than were issued in 1927, when a new building record was established in Salem. In 1927 estimated building projects totalled \$238,740, five times the amount of construction carried on in 1926, when only 41 permits were issued.

Included in permits issued last year were three for new manufacturing plant additions to the Mullins Manufacturing corp., totaling \$50,000, \$25,000 and \$35,000 each. One permit for \$80,000 was taken out by the National Sanitary company for rebuilding of the plant which was destroyed by fire early last year.

**New Church**  
A new Emmanuel Lutheran church was constructed at an estimated cost of \$42,000 on Broadway, and several business establishments remodeled store fronts and built additions.

### PROSECUTOR IN RECORD YEAR

Brookes Secures Many Convictions; Three Are Acquitted

Columbiana county closed the old year with only one unsolved murder, this being the case of an Italian who was stabbed to death and his body found in a woodland near Logstown in Center township last June. The case from the beginning was put down as a "blackhand killing."

During his first year in office Mr. Brooks had a record of 31 convictions and three acquittals, and in 1928 there were 48 convictions and four acquittals. The 1927 record stands at 47 convictions and two acquittals, but 1928 proved to be the most active criminal court year with 69 convictions and only three acquittals.

There was but one unsolved murder case recorded in 1927, and this was at Leetonia. There are no major criminal charges to be investigated by the January grand jury that begins its new term next Monday morning at 10 o'clock. A large number of misdemeanors are to be investigated, in addition to the probing of the shooting last Sunday morning of Charles Doll.

Prosecuting Attorney-elect John E. Bauknecht has informed all lower courts to immediately file with Clerk of Courts Frank Ballantine all transcripts, in order that subpoenas for grand jury witnesses can be served at once.

### Reveler's Bullet Is Fatal to Man In Bed

Marion, Jan. 2.—As funeral arrangements were being completed here today for Cecil Colvert, 28, mysteriously shot New Year's Eve as he lay asleep, police continued to push their investigation.

The police theory is that some New Year's celebrant used bullets instead of blank cartridges to "shoot in" 1929 and that Colvert was killed by a stray missile. The bullet crashed through a bedroom window at midnight and pierced Colvert's brain as he lay asleep beside his wife. He died instantly.

### Here Is News For Hay Fever Victims; Cure Now Claimed

New York, Jan. 2.—Scientific research has revealed that hay fever—that annoying affection of the mucous membrane of the eyes and nose that annually makes life miserable for millions of American sufferers—can be prevented by inoculation.

This information was disclosed today by Dr. R. P. Wodehouse of New York, one of the noted scientists attending the seven-day session of the American Association for the Advancement of Science.

"Hay fever can be prevented by inoculating the sufferers with extracts of pollen grains which cause the infection," Dr. Wodehouse declared. "Although the symptoms of hay fever belong to summer, now is the time to take preventive treatment. Specific tests to learn the plants which cause people to contract

### A Mighty Hunter's Return

In an old Southern ox-cart, with his host, Howard Coffin, a small negro roustabout and a slain deer, President Coolidge rode back to the Coffin mansion on Sapelo Island, Georgia, after a victorious hunt on the mainland.

### Salem Schools Open After Vacations

Salem public schools opened Wednesday morning after the annual two weeks holiday vacation.

Superintendent J. S. Alan reported that there are about 12 percent of the students absent due to illness.

The largest percent in any one school is at the new Rellly school, South Rese st.

Of the 76 teachers in the schools, four are out, three being out on account of their own illness.

Frank Rollins, janitor at the Prospect st. school, is ill.

### VARE CASE IS AGAIN LISTED

Cruiser Bill and Kellogg Pact May Be Forced To Background

Washington, Jan. 2.—Prospects for early enactment of the cruiser bill and early ratification of the Kellogg anti-war treaty were dimmed today by indications that the Vore slush fund case will be brought into the senate for a decision within two weeks.

The Vore case—involving the seating of Senator-elect William S. Vare of Pennsylvania—has been pending since 1927 and once called up, takes precedence over all other legislative matters. If projected into debate, valuable time will be consumed and the Coolidge legislative program will face fresh obstacles to enactment.

Senator James A. Reed of Missouri, who is concluding his senatorial career at this session of congress, probably will use the Vore case as a valedictory to his long public service. Reed, as chairman of a special slush fund committee, conducted an inquiry two years ago into the Pennsylvania primary at which Vore won the Republican senatorial nomination. Reed's inquiry revealed Vore's organization had spent more than \$1,000,000 to win him the nomination, as a result of these disclosures, Vore was denied the oath of office in December, 1927, and he has remained a senator-elect ever since.

The Reed committee will meet tomorrow morning for a final session.

The senator already has invited Vore to make a personal appearance before the Pennsylvania, in ill health for many months, has gone to Florida.

### Dog Warden Issuing Licenses Over County

Deputy Sheriff C. E. Donahay, county dog warden, working out of the tax office under the direction of County Auditor Elmer E. Walker will be in East Liverpool Jan. 7, 8 and 9 for the purpose of collecting dog licenses for the new year. The first day he will be at the East Liverpool city hall, and the second day he will be at the East End Fire station. The last day he will be located at the Northside Fire station. At the close of business Saturday afternoon over 1,600 new 1929 dog licenses had been issued.

### DANCE TO HOLIBAUGH'S SERENADERS, WEDNESDAY EVE., MACCABEE HALL, PEPPY MUSIC.

THERE WILL BE NO MEETING OF THE WOMEN OF MOOSEHEART LEGION TONIGHT.

RECORDED.

### FIVE PLACES IN CITY VISITED BY PROHIBITION MEN

Fine Handed Out Following Arrest; One Bound To Grand Jury

### WARRANTS ISSUED BY LEETONIA MAYOR

Plea of Guilty Entered By One Alleged Offender

State prohibition officers G. A. Baynham and John A. Cole and Police Chief T. W. Thompson conducted their first liquor raids of the New Year Tuesday night, visiting four Salem business establishments and a residence. Fines of one alleged violator on charge of possession of intoxicating liquor and binding over of a second to the grand jury on alleged third offense of violation of the Crabbe act, followed the raids.

Three men are being detained by police pending arraignment before Mayor Phil G. Hiddleston.

Teofil Andrei, 118-129 Depot st., was bound over to grand jury on \$2,000 bond, following the filing of an affidavit by the officers charging him with the third violation of the prohibition law. Andrei furnished bond and was released.

Two pints of whiskey and three gallons of wine were confiscated at his place of business, the raiding officers state.

**Fines Given**  
Mrs. Anna Pacar, 239 Broadway, entered a plea of guilty to possession of 18 pints of alleged whiskey, according to the police report, and was fined \$200 and costs.

Angelo Volio, 104 Broadway, is in city jail pending arraignment on a charge of possession of a quantity of alleged whiskey, said to have been found in his place of business by the officers. Nick Burson, alleged to be operator of the establishment at 126 Depot st., was in hospital today. No charges have been placed.

Joseph Woerther, 227-228 Depot st., said to be detained by officers. No charges have been filed against him. Warrants for seizure of the defendant's place were issued yesterday afternoon in Leetonia by Mayor D. H. Schaeffer of that city.

### SCORES FAIL TO GET 1929 PLATES

About 800 Auto Licenses Remain Unissued At Salem Office

Although the Salem office of the Columbiana County Motor club has been rushed with applications for 1929 passenger car and truck licenses, about 800 owners still have not obtained the new plates.

Monday, the deadline for 1929 plates, saw scores of people line up at the motor club office and the office was kept open New Year's day to accommodate those who file their applications at the last minute.

The state motor commissioner's office at Columbus failed to send sufficient supply of application blanks and this slowed up the work of issuing license plates. Many were still appearing at the office Wednesday, and the rush for 1929 plates is expected to continue for several days.

The owner of truck license 75-847 picked up the office records with other papers relating to him. He is asked to return those records to the office.

### Rural Schools To Delay Opening Day

Rural schools of the county will not resume the new term of school until Jan. 7, it has been announced by County Superintendent of Schools H. C. Leonard. The Lisbon schools will open Wednesday.

Early in the new school term the rural schools will begin to prepare for the annual township and county spelling contests, this to be followed by preparation for the annual township and county declaiming contest. The latter event will be held at Lisbon at the close of the rural school term and eighth grade graduation exercises. The township county teachers' institute will probably be held in the auditorium of the David Anderson High school at Lisbon in April, the tentative program for this event now being considered by Mr. Leonard and his assistants.

### Concert To Benefit High School Band

The Warren Symphony orchestra will appear at the High school auditorium Wednesday evening, Jan. 16, to give a concert for the benefit of the Salem High school band. This concert has been arranged to obtain money to purchase uniforms and instruments for the Salem boys who have developed much talent under the leadership of county teacher, a student at Salem high. The Warren orchestra has gained considerable fame as a concert orchestra.

## IN AN UNEVEN LIGHT

The course followed by France in regard to her war debts is not one tending to exalt her in world esteem. Ten years have passed since the close of the World War, and she has as yet failed to make any arrangement for the liquidation of her obligations. As a matter of fact, she has thus far refused to admit that she is in any way financially obligated as a result of the war to any other power. In this respect she has placed herself in the class of Russia.

Whenever the matter of meeting or arranging for the payment of her war debts has been called to her attention, France has broken out in impassioned utterances concerning the awful price she paid in blood, and as much as implied that the powers associated with her in the war are more in debt to her than she is to them, invariably closing with a recital of her poverty.

The poverty pleas passed muster for a time, but during the last two or three years it has been under suspicion. American observers have reported from time to time that France was enjoying a greater degree of prosperity than she did before the war, and now we have the report of a British observer to the same effect.

The commercial counselor to the British embassy in Paris last week forwarded to his government his report on the "economic conditions in France in 1928," in which he reveals that France not only has reached a post-war prosperity which makes it necessary for her to import 1,500,000 alien workers, but that the economic situation in the one-time war-torn region is at present actually better than it was in 1914 before the war. Not only have the visible exports of France shown a marked growth, this British observer points out, but also what he terms her "invisible trade," reciting that the national development of "tourism" on a systematic scale now results in an annual "invisible trade" of \$300,000,000.

The British counselor reports that the coal mines of the devastated areas of northern France, which produced 27,000,000 tons in 1913, produced 33,000,000 in 1927, while the coke output has doubled in the ten years since the war; that the French production of pig iron has passed that of Great Britain despite the fact that the British production in 1913 was then four times that of France and that France for the first time in her history is producing more steel than Great Britain.

Like American observers, this British observer expresses the belief that the phenomenal growth of the export trade of France is due, in part, to the damage wrought by the World War, and that the one-time devastated regions economically profited as a result of the world conflict. This he holds, is particularly true in the case of the textile industries, where the destruction of old-fashioned appliances has meant the introduction of the most modern machinery and advanced working conditions. Excellent examples of this may be found in such weaving centers as Arras, Amiens and Baillou, he says.

The systematic and scientific development of tourist travel as a great source of wealth to France, the British commercial counselor states, is in the hands of the national tourist office, which is financed by state allocations and by a share of the sojourn tax levied on visitors, and he goes on to say that, "as a result of state loans to the special hotel credit organization which was created five years ago, many new hotels have been built in different parts of the country, while existing buildings have been renovated and enlarged."

"While the visible and invisible imports from France have substantially increased since 1918," writes the commercial counselor in closing his report, "the same categories of exports from Great Britain have substantially diminished. The

balance of visible trade in favor of France which averaged 12,200,000 pounds in the years 1903-13, averaged 32,200,000 pounds for the years 1914-27. The invisible exports, notably, in 1925 and 1926, can not have been much less than the same sum."

And despite such showings as this and those of our own nationals there are those who yet advocate that the entire debt owed to us by France be wiped off the slate! Thinking her poor, we voluntarily forgive her much that she owed us. Yet, found to be rich and prosperous, the pacifists, the internationalists, the international bankers, and a type of religionists who esteem anything European good and everything American bad, would have us forgive France the remainder of the debt due to us.

## What Others Say

Congressman Garner holds Secretary Mellon personally responsible for the huge tax refunds with which the treasury has been saddled, accuses him of issuing fiscal reports and estimates to influence legislation before the congress and infers that he deliberately deceived Mr. Coolidge with respect to an expected surplus of \$37,000,000. These are serious charges, which a discreet man would hesitate to utter outside the halls of congress. Wrapped in the immunity that surrounds his office, Congressman Garner talks as if he would have Secretary Mellon kicked into the street like an incompetent and dishonest clerk.

At the bottom of the disagreement of the ranking Democrat on the ways and means committee with the secretary of the treasury is their divergent views on the estates tax and the graduated income tax. Congressman Garner gives both these measures his unqualified blessing; Secretary Mellon regards the estate tax as properly belonging to the several states, and he has pointed out the evil possibilities of carrying outlaws to extremes. There is room for an honest difference of opinion as to the virtues of these two fiscal measures; but they afford no excuse for any such charges as Congressman Garner has just delivered. The explanation of his tirade must be sought elsewhere.

As soon as it was hinted that Mr. Hoover might invite Secretary Mellon to continue in the cabinet, word came out of Washington that attacks on the latter's conduct of his department might be expected from two quarters. Secretary Mellon has not been persona grata with some of the prohibition organizations; and his fiscal tenets have run counter to those of a socialistically inclined group in the congress. A dry broadside was delivered at him a few days since. Are Congressman Garner's charges part of the same attack?

When Mr. Hoover makes up his official family, if he wishes Secretary Mellon to become a member official family, if he wishes Secretary Mellon to become member of it, and Sec'y. Mellon accepts, all the ramifications the gentleman from Texas can indulge in between now and March 4 probably will have little weight against the splendid record of service to the country that the secretary of the treasury has built up under the last two administrations.—Detroit Free Press.

## MODE OF LIVING MAY INCREASE PULSE RATE

By Royal S. Copeland, M. D.  
United States Senator from New York. Former Commissioner of Health, New York City.

If you live to be 70, your heart will beat two and a half billion times, almost 40 million times a year. I can't tell you off-hand what quantity of fluid is pumped during a lifetime. But it is a great river.

How can the heart keep on, hour after hour, day after day? Why doesn't it break down from sheer weariness?

From early times it has been customary to divide the day into three equal parts: Eight hours for labor, eight hours for recreation, eight hours for sleep and refreshment.

This is the pretty general acceptance of the idea that eight hours of work is the outside limit of what should be undertaken. If you were to stick to this rule, it is probable your life would be prolonged.

With this division of time in mind, what does the heart do? It is interesting to find that this organ works almost exactly one-third of the time, resting the other two-thirds.

I stand amazed at the perfection of Nature's works. It is impossible for man to suggest improvements in the machinery of the body which is properly used.

It isn't fair to the heart for you to live such a life that its pulsation is materially above the average of that 70 beats per minute. At the average rate the heart has ample time between pulsations to rebuild its tissues and to renew its energy.

Suppose there is some physical condition that results in a constant heart rate of a hundred or a hundred and five per minute? You can see that this reduces the rest period very materially. Instead of working a third of the time it is increased fully one-half.

Comparing this to normal labor, it is the same as if a man worked 12 hours out of the 24. If the pulsations are doubled the average number, tearing along at the rate of 140 per minute, then the poor old heart works twice as much as it rests. This is the same as if the man at manual labor worked 18 hours out of 24.

You know the man is not born who can work day in and day out, year in and year out under such pressure. Neither can a heart continue forever to work at such speed. Rapid pulse is rather a common symptom. Please bear in mind that it may be caused by some condition

entirely apart from the mechanism of the heart itself. It is the nervous system that is most likely to be out of order. In consequence the brain is off the heart control of the speed and regularity is temporarily lost.

Of course the rate of 70 beats which I have mentioned is the average rate of heart pulsation. It may be 80 or 85 per minute and yet be regarded as "normal." It may be as low as 60 or even lower, and yet be a sign of disease.

If your heart suddenly develops rapid action or, in any event, if it beats so fast as to disturb or worry you, talk with your doctor about it. He will advise you and, if need be, prescribe for your ailment.

M. K. T. W. Q.—Do you think I could inherit near-sightedness after having perfect eyesight for 17 years or do you think it was caused from overstudy?

A.—This condition was probably caused by overstudy and near work. Proper fitting glasses should help to correct this defect.

A. F. Q.—What should a man of 40, 5 ft. 8 in. tall weigh?

2.—What is the most vital organ in the body?

3.—What causes high blood pressure?

4.—When there is no pain or ache, is this a sign of perfect health?

A.—He should weigh about 150 pounds.

2.—The heart.

3.—Faulty diet, failure in kidney functioning, and constipation are all factors. For full particulars send a self-addressed, stamped envelope and repeat your question.

4.—Not necessarily.

M. A. W. Q.—My son of 15 is troubled with enuresis. What would you advise?

2.—What causes one to bite one's nails and how can this trouble be overcome?

A.—Be sure there is no kidney condition which may be responsible. For further particulars send self-addressed, stamped envelope and repeat your question.

2.—Nervousness is the usual cause. Painting the nails with tincture of astringent should be helpful in breaking the habit.

F. E. Q.—What is the cause of my head aching and my ankles being cold all the time?

A.—Your trouble may be due to poor circulation or rheumatism. For particulars send a self-addressed, stamped envelope and repeat your question.

Twenty Years Ago

(January 2, 1909)

The year of 1909 has started off with much better general conditions and better prospects than greeted 1908.

Miss Harriet Blair has resigned.

her position as stenographer at the Ohio Mutual Insurance company's office, effective Thursday evening. She will be succeeded by Miss Anna Gemmill.

After winning the championship of the local skating rink Thursday evening, William Powell, this city, went to Alliance New Year's day, where he won over Carl C. Book, a speedy skater.

Lima—More than 1,500 singers, representing almost every section of Ohio, contested here Friday in one of the largest staided contests ever held in Northwestern Ohio.

The 21st annual masquerade ball of the Deluge Hose company, held New Year's eve was the most successful in every respect of the entire series.

Miss Rose Mullins will give a reception Saturday evening to a number of her friends in Calumet hall.

Miss Myra Erwin went to Cleveland New Year's evening and was a guest at a luncheon given by the Smith college club of Cleveland.

At the home of Mr. and Mrs. Albert Meilinger, Maple st., Thursday evening—Mr. and Mrs. Meilinger and Mr. and Mrs. Thomas Kopp observed the 12th anniversary of their wedding.

John W. Post, this city, will leave Sunday morning for Trenton, Mo. where he will take a four weeks' course in the Missouri Auction school.

Armstrong McCarty, who has been spending the holidays with relatives here, returned to Kansas City, Mo., Friday night to resume his work. He is employed as a traveling salesman with a furniture house.

George Barnes, Franklin rd., on last Thursday butchered a hog for W. W. Ovington, Goshen rd., which weighed 423 pounds. This porker holds the record of three months.

Checked at the start  
RUB your chest with Vicks before your little cold gets BIG.

Vicks acts two ways at once. Vicks checks two ways at once to check the cold and prevent complications:

(1) It is vaporized by the heat of the body and inhaled for hours direct to the inflamed air passages;

(2) It acts through the skin like an old-fashioned poultice, "drawing out" the tightness and pain.

## You Are Not a "Cheap" Man and We Are Not a "Cheap" Store — BUT —

MICHAELS-STERN CLOTHES

Most of our customers like to save regardless of how well they can, financially, afford to disregard.

Our mission in Salem is to offer the finest qualities we can buy — transfer them along at the finest values we can give — and paradoxically — the harder we work at saving money for you — the more we make for ourselves.

Are you interested in a beautifully designed Michaels-Stern Suit at \$31.50

Michaels-Stern Overcoats at \$24.50

## The Stars Say —

For Thursday, Jan. 3.

BY GENEVIEVE KEMBLE.

THE stellar operations for this day have a very stimulating influence on all practical and constructive effort. In labor, industry, initiative and bold enterprise there should be much worthwhile progress. But it would be well to be on guard in making new contracts or in affixing the signature to any kind of writing or document. There is hint of fraud, duplicity or misrepresentation. These new undertakings may enforce travel or change of environment.

Those whose birthday it is are under excellent prospects for a successful and constructive year in many lines of endeavor, but there is loophole for fraud or misrepresentation unless extreme caution be observed especially in signing papers. Change is indicated in connection with these new ventures. A child born on this day may be industrious, ingenious and enterprising, but may need much instruction in the matter of integrity and honor, perhaps being prone to gain its ends by expediency rather than principle.

Ye stars, which are the poets of heaven! If in your bright lessons we could read the fate of men and empires.—Byron

## Social Affairs

### Masquerade Dance Concludes Holiday-Week Activities

A masquerade dance given by Miss Katherine Gibson, student at Mt. Vernon seminary, Washington, who is spending the holidays with her parents, Mr. and Mrs. C. C. Gibson, Lincoln ave., on New Year's eve at her home concluded the holiday festivities planned by society folk here.

The home was beautifully decorated for the occasion, with pines and "cicles."

Thirty-five couples were interested in the enjoyable affair, some of the guests being young people home from college. Frank Maggros' orchestra, of Pittsburgh, played the dance program. Refreshments were

### Social Affairs Are Attractive

Among the outstanding social functions in the city New Year's eve, which attracted a large number of people, were the Fireman's annual ball, the Elks' annual New Year's dance and the dance given by the Three Links Social club of the Odd Fellows.

A large number of people attended the Social club's dance at I. O. O. F. hall, Broadway. Bartholomew's orchestra played the dance program. Refreshments were served. Out of town guests were present from Lisbon, Kensington and Hanover.

Nearly 100 couples attended the dance given by the Elks lodge, some of the guests being from Cleveland, Alliance and Lisbon.

Music was furnished by Finley's Play Boys, and novelties were a feature. A dinner was served at 12 o'clock.

#### DOUBLE TEN CLUB

Mr. and Mrs. R. G. Beck entertained members of the Double Ten club New Year's eve at their home, Evans st.

Four tables of "500" entertained with prize for high score, being awarded to Mrs. Beck and Paul Jones. Mr. and Mrs. Charles Webster were awarded consolation prizes. A lunch was served at a table decorated in keeping with New Year's.

Mr. and Mrs. William Gabriel were invited guests.

Misses Virginia and Elizabeth McKee, students at Westminster college, New Wilmington, Pa., who have been spending the holidays with their parents, Mr. and Mrs. Floyd McKee, McKinley ave., returned to college Wednesday. Miss Jane Nevin, of Pittsburgh, also a student at Westminster college, who has been their guest, returned with them.

James McCluggage, who is attending the Philadelphia Pharmacy and Science school, has returned there after spending the Christmas vacation with his parents, Mr. and Mrs. C. E. McCluggage, Damascus rd. Miss Ellen Cawley, who was a guest at the McCluggage home during the holidays, has returned to her home in Morrisville, Pa.

Mr. and Mrs. W. G. Foreman, Wells Tauxey, Pa., and Mr. and Mrs. F. M. Pfeffer, Pennsylvania, who have been visiting Mrs. E. K. Cunningham, this city, and Mr. and Mrs. Raymond Rohr, Damascus, formerly of Salem, returned to their homes Monday.

F. L. Entriaken and twin sons, sons, Robert and William, who have been seriously ill of the flu at their home, Ohio ave., are improved. Mrs. Clyde Gamble, who was caring of them is critically ill of the flu and has been taken to her home in Youngstown.

John Bell, who spent New Year's day with his parents, Dr. and Mrs. J. M. McGeorge, Highland ave., will leave Wednesday night for Hanover, N. H., to resume his studies at Dartmouth college.

Arthur Yengling returned to Boston Tuesday evening to resume his studies at Harvard Medical school after spending the holidays with his mother, Mrs. A. C. Yengling, Tenth st.

Mr. and Mrs. R. S. Eyster and their two grandchildren, of Mill Creek, were guests New Year's day of Mr. and Mrs. W. H. Cobb, Roosevelt ave.

Mr. and Mrs. Leo Snyder and Mr. and Mrs. Robert Wittridge, of Gallion, were guests of Mr. and Mrs. Raymond Jones, McKinley ave., over New Year's day.

Mrs. Daniel Test of Moylan, Pa., and her son, Alfred Test, of Frankford, Pa., have arrived at Winona to attend the funeral of J. C. Stratton.

Mr. and Mrs. Harry Lewis and infant daughter, Ruth, returned to their home in Detroit Tuesday afternoon after a visit with relatives here.

Mrs. E. C. Patten and little son, Franklin Lee, who have been very ill of influenza at their home, Woodland ave., are reported to be improving.

Mrs. Elizabeth Berg, Leetonia, and infant son, patients at the Salem City hospital, have been discharged.

Ernesine Uling, Washington st., who has been ill of influenza is reported to be improving.

Mrs. O. H. Bates, of West Pershing ave., who is ill, is reported to be improving.

## CONDITION OF KING WATCHED

### British Hope Calcium Treatment Will Be Strength Aid

London, Jan. 2.—King George spent a restless night, but his condition continued unchanged today, an official bulletin issued by the royal physicians at 11:15 o'clock this morning stated.

"Despite a restless night, the condition of his majesty remains unchanged from last evening," the bulletin stated.

It was signed by Sir Stanley Hewitt, Sir Hugh Rigby and Lord Dawson, of Penn.

The physicians stated last night that his majesty's general condition showed slight improvement.

Despite the bulletin's reference to a restless night, palace circles felt that the news was encouraging since no further loss of strength was noted.

The whole country is watching the calcium treatment anxiously, hoping it will sufficiently enrich the blood to enable the king to battle with renewed strength against the ravages of his long illness.

The king took to his bed just six weeks ago yesterday and today he entered the seventh week. He had been sick with a severe cold for some days before the doctors ordered him to bed on Nov. 20.

London, Jan. 2.—"I am glad to say that King George has taken a turn for the better and he is slowly pulling through," said Home Secretary Sir William Joynson-Hicks today just before leaving London for a holiday in France.

The Evening News quoted the home secretary as saying further:

"I saw Lord Dawson of Penn late last night. He and his colleagues are satisfied with the king's progress. If the king were not better I certainly would not be leaving London. I feel that the worst of the illness is now over. There is every reason to hope that small but gradual improvement will take place."

### Perry Grange Has Installation to Posts

Officers to serve Perry grange for 1929 were installed at a meeting Tuesday at the hall, Franklin rd.

Mrs. S. E. Christopher, of Salem grange, conducted the installation, and she was assisted by Mr. and Mrs. F. A. Rinehart.

Preceding an oyster dinner the time was spent informally. Following the installation the orchestra gave a selection and Mrs. Winifred Baker contributed a fine chalk talk, "Memories from Old McKuffies Readers."

A. E. Bailey, Mile Branch grange, gave a talk on "The Farmer—Organized or Unorganized."

Mr. Bailey explained how much better it was for farmers to be organized and told of some of the things which had been accomplished through organization.

The next meeting of the grange will be on Jan. 16.

### Prominent Attorney Dies In Columbus

Columbus, Jan. 2.—Funeral arrangements were being completed here today for Atty. Charles Justice, 67, following his death yesterday at the home of a nephew in this city. An attack of heart trouble caused the attorney's death.

Mr. Justice was formerly a teacher in the public schools of Carroll and in country schools of Fairfield county. He had been a resident of Columbus for 40 years.

The well-known lawyer served as worshipful master of York lodge of Masons from December, 1902, to December, 1903, and was past high priest of Temple chapter, Royal Arch Masons. He was unmarried.

### Beneficial Union Names Its Officers

The Beneficial union has elected these officers for the ensuing year: President, John Reinthaler; vice president, George Fronius; recording secretary, Mathias Pesamoska; financial secretary, B. J. Tontsch; treasurer, M. B. Krauss; trustees, Thomas Minth, Michael Hoperich, John Weber; door keeper, Mathias Klamer; guard, Mrs. Anna Schmidt. The union has appointed a committee to purchase a building in which the meetings will be held, and report at the next meeting on Jan. 28.

Twenty-six members were added during the last year. The union has 172 members enrolled.

### Change Ordinance

The council of the village of Washingtonville has revised its former ordinance prohibiting the manufacture and sale of intoxicating liquors to conform with the state law. The former ordinance has been declared to be in conflict with state code, and at the suggestion of the solicitor of the village a new ordinance was ordered drafted and which is now being published for the first time. The former "liquor" ordinance has been repealed.

### Mothers—Try Mild Children's Musterole

Of course, you know good old Musterole; how quickly, how easily it relieves chest colds, sore throat, rheumatic and neuralgic pain, sore joints and muscles, stiff neck and lumbago.

We also want you to know CHILDREN'S MUSTEROLE—Musterole in milder form. Unexcelled for relief of croupy coughs and colds; it penetrates, soothes and relieves without the blister of the old-fashioned mustard plaster. Keep a jar handy. It comes ready to apply instantly, without fuss or bother.

## Feminine Cabinet Appointment Cause Of Much Discussion

Washington, Jan. 2.—Published reports that he favored inclusion of a woman in the Hoover cabinet, and that he was partial to Mrs. Alvin T. Hertz's appointment, brought a kind of denial today from Dr. Hubert Work, chairman of the Republican national committee.

"I regret" a statement from him said, "the publicity given to conjectures attributed to officials of the party that has been given to probable presidential appointees of the next administration."

"Those who know our next president best thoroughly understand, because of his very wide acquaintance and independent mind, that he needs no referee to advise on appointment, and that of a certainty, no one has been so designated."

This last paragraph was interpreted as referring to published reports that Dr. Work was to be a sort of "patronage referee" in the new administration.

Friend of Mrs. Hertz, vice chairman of the national committee, and of Mrs. Mabel Walker Wilebrandt, assistant attorney general, have been engaged for weeks in promoting cabinet boomlets for them.

## BUILDING

(Continued From Page One)

year, most of which were in preparation for the annual construction work carried on in the city during spring months. Twenty-eight of this total were given out in October.

Total amounts for each month in 1928 follow:

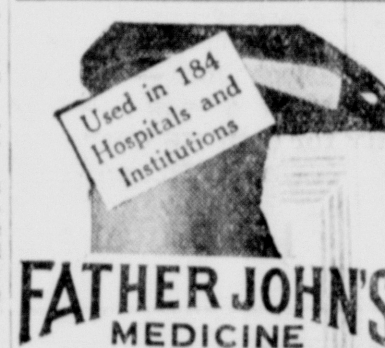

January, \$42,500; February, \$93,000; March, \$122,675; April, \$20,820; May, \$25,650; June, \$15,240; July, \$12,375; August, \$10,675; September, \$18,375; October, \$75,875; November, \$18,000 and December, \$40,000.

Construction began last month of the new Eagles lodge home on McKinley ave., for which a permit carrying an estimate of \$30,000 was issued. Outstanding permits issued by the mayor in the past 12 months are as follows:

Mullins Manufacturing corp., \$50,000; \$35,000 and \$25,000; National Sanitary, \$80,000; Emmanuel Lutheran church, \$42,000; Murphy company, \$15,000; G. W. Allen, three-story fireproof building on Ellsworth ave., \$20,000 and H. B. Thomas, \$10,000.

## Miner-Minister Dies

New Philadelphia, Jan. 2.—Elder James C. Carlisle, 47, miner, and clergyman in the Latter Day Saints church, is dead here today following injuries suffered in a coal mine on Dec. 10. The miner died yesterday at Union hospital.

**FATHER JOHN'S MEDICINE**

## New Year Resolutions For These Ohioans

Columbus, Jan. 2.—"See that my auto brakes are set," and "watch my step," are two New Year resolutions believed to have been made here as the result of unusual accidents. Harry Brown, 32, Newark, is in a hospital suffering a possible fracture of the skull, the result of a fall. He is said to have turned to respond to a greeting from an acquaintance as he reached the top of a long flight. He fell the entire distance.

Joseph Crawford of Columbus, parked his auto on a slight incline and entered a barbershop. With the brakes failing to hold, Joe's auto came into the barber shop after him. Little damage was done and no one was injured.

## Auto Crash Fatal To Ashland Man

Cincinnati, O., Jan. 2.—George W. Bernard, 30, of Ashland, O., is dead here today, the victim of an auto crash New Year's day. Bernard was riding with Earl H. Lowe, 35, Lima, automobile salesman, early yesterday morning when their car skidded from the road and crashed into a loading platform near the Gilbert avenue viaduct.

Lowe escaped with minor injuries, whereas Bernard suffered a fractured skull which caused his death at General hospital a short time later.

## QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c 30c 60c.

# COMPARE SCHWARTZ'S "No Clearance" Prices

they will clearly show you why it's unnecessary for Schwartz's to hold General Clearance Sales — because Schwartz's prices are regularly lower every day in the year.

Because of our economic buying and distributing facilities and our POLICY of EVERY-DAY LOW PRICES, our stocks sell quickly IN SEASON and we have eliminated the necessity for a General Clearance Sale. That this policy is appreciated is demonstrated by our consistent growth.

HOWEVER—  
Every busy store has odds and ends, especially after the busy holiday season. It is the policy of this store to immediately reduce this merchandise for quick disposal — thereby making room for the new and popular items that make shopping at Schwartz's interesting as well as profitable.

Schwartz's do not hold store-wide sales — however, you will find that from time to time, through the cooperation of manufacturers we are enabled to offer special groups of merchandise below regular prices. These events you will find well worth attending.

Comparison proves the soundness of Schwartz's values. You can buy here with confidence, where seasonable, new dependable goods are sold at EVERY-DAY LOW PRICES — and where satisfaction is guaranteed or your money will be cheerfully refunded.

## RADIO

NEWS AND PROGRAMS

**TONIGHT'S FEATURES**  
 "Zion Spreadeth Her Hands for Aid," by Mendelssohn, will be sung by the Halsey Singing Society in the United Synagogue program to be broadcast by WJZ at 7 o'clock. The Rev. Dr. Samuel Benjamin of the Hebrew Institute of University Heights will speak on "Past and Present."

The strains of the entr'acte music of Bizet's opera "Carmen" will be a symphonic feature of the coast-to-coast broadcast on at 9:30 o'clock over WJZ's system. Among other selections are Strauss' "Valse Scherzo," "Macushla" and "The Barefoot Trail" as tenor solos by Paul Oliver. Olive Palmer, coloratura soprano, will give his opinion of the American beauty when he speaks over WJZ's network Thursday night at 8 o'clock. An orchestra and a male quartet also will take part in this program.

**WILL 1929 BRING THEM?**  
 Looking back over 1928, it is easier to recall what has not been heard over the air than what has. An artist who has not yet faced the microphone, so far as is known, is Fritz Kreisler, the violinist. One version of his non-appearance is said to be microphone fright. Another that he fears he may not be heard to the best advantage over the radio. Paderewski has broadcast in England but not in the United States. Walter Hampden is one of the latest of the legitimate actors to be heard, but David Warfield has not as yet made his bow to the radio audience. Nor has Maudie Adams broadcast. The Chicago Civic Opera company is on the air, but not the Metropolitan Opera company.

The Philadelphia Orchestra has not yet been heard, and neither has Sousa's Band. Nor have the intimate musicales at the White House been broadcast. Almost all public functions and banquets are now being heard over the radio, but as yet probably the most interesting of them all, the Gridiron Club dinner in Washington, has not been—and perhaps is the one event which may never be broadcast.

**MARY GARDEN IN OPERA**  
 Mary Garden, soprano, will sing the title role in the Chicago Civic Opera's production of Massenet's "Sapho," which listeners will hear on WJZ's network at 10 o'clock tonight.

Rene Maison will play the part of Jean, Sapho's lover. Maria, Claretta's sister, will play the part of Jean's mother. Edouard Coteur will play the role of Jean's father, and Lucille Meusel the role of Irene, his cousin. Desire Defrere is cast as Caouad, Jose Mojica as La Borderie and Antonio Nicolich as Le Patron. Antonio Polacco will conduct.

**NEW PROGRAM**  
 Aunt Jimena will play the title role in a new series of programs which will be inaugurated in a broadcast tonight at 9:30 o'clock over the WJZ chain.  
 The character of the old negro woman will be portrayed by Katherine Tift-Jones, while J. Rosamond Johnson, negro composer, will play the part of Uncle Ned, Aunt Jimena's husband. The old couple are continually surrounded by a host of visitors, who drop in at their cabin at all hours, to remain for an exchange of songs and conversation.

**TAXES**  
 OPEN UNTIL 5:30 TO RECEIVE TAXES. CONVENIENT SERVICE. OUR AIM. C. F. STRATTON, AT HEATON & STRATTON, 59 MAIN ST. 2971

WAIU—Columbus—6:00 Wurltzer Half Hour; 6:30 Time Newcasting; 7:00 Doc George El and His Deshler Wallick Orchestra; 9:30 Talk by Blackstone.

#### ABOUT TOWN

**Troop 31**  
 Troop 31, Boy Scouts, has just completed a campaign for new members and 29 were present at the last meeting.

Christian Roth was elected cheerleader. Several yells were learned. The purpose of these yells is to help promote troop spirit.

A contest was announced to begin next week. The score board is a picture of a lake with three canoes in it. The canoes are named after the three patrols in the troop. The object is to see which patrol can go from one end of the lake to the other, using the land marks as counters. When a patrol gets 50 points it is moved on to the next mark.

Games were played at the meeting and a new game was invented.

**Officers Installed**  
 Mrs. Cora Schwartz was mistress of ceremonies when the Woman's Relief Corps installed its officers for 1929 at a meeting Tuesday evening at the hall, Main st.

Members of Troop 31, post No. 10, G. A. R., were guests of the corps on this occasion.

Mrs. James McConner, the new president, announced the committees for the year.

A gift box was a feature of the social period.

**Watch Night Service**  
 The B. Y. P. U. of the First Baptist church held a Watch night service at the church Monday evening.

The social period was in charge of Richard Sterling and the time was devoted to games. 8-me stereopticon views of Salem were shown. As the old year was closing the time was spent in devotions.

**Elks Lodge**  
 Initiation will claim attention at a meeting of Salem lodge No. 305, B. P. O. Elks, Thursday evening at the home. An entertainment and lunch will be features.

**PUBLIC LIBRARY**  
 OPEN EVERY WEEK DAY FROM 9 A. M. TO 9 P. M.

# Salem High Boys Bow To Great Alumni Squad By 29-23 Score

## Red And Black Girls Win 42-23 Decision Over Ex-High Sextet

In one of the most spectacular and exciting court battles seen in years, Salem High lost its fourth game of the season, Tuesday night, dropping a 29-23 decision to the strong Alumni aggregation at the High school gym.

In the preliminary, played between High school and Alumni girls, Coach Anna Oelschlaeger's sextet easily walked off with a 42-23 verdict.

The boys' struggle was easily the outstanding fracas of the evening, Floyd Stone's outfit staging a strong finish in the last half to almost nose out the ex-Highs after they appeared to have the victory secure. The game was featured by the surprising class displayed by Stone's reserves, who played the entire last two quarters and were in the main responsible for the spectacular finish and closeness of the game.

The High girls mastered their older adversaries with little difficulty, Miss Oelschlaeger using 17 players in the game. Zelle, diminutive forward, was outstanding in offensive work, caging 10 field goals and a foul for 21 points. It was the opening game of the season for the lassies, who presented a powerful aggregation.

**Reserves Star**

The great finish, staged by the High boys brought to the fore a new quintet, Jimmy Scullion, Polly Sartick, Joe Pasco, Greenisen and Cope, who composed the Red and Black aggregation during the last half of the boys' struggle. The Alumni held a nine-point lead at the end of the first half, but were clearly outplayed by the new combination. With Scullion playing the prominent part, the High outfit gradually decreased the lead against them, tying the count in the middle of the final period, when the former Red and Black court luminaries caged several long shots to win the game.

Scoring opened with Bob Campbell, All-Ohio center with Wilbur Springer's great team in 1926-27, caging a foul goal after being fouled by Captain Ed Sidinger. Les Older passed neatly to Gus Tolerton, under the Red and Black basket on the next play, Older caging his shot. Pete Marsh fouled Scullion, who counted the first High school point from the gift line.

Lowell "Little Rib" Allen, Alumni captain, slipped one through the hoop from the side, and followed by dribbling through the High defense for another on the next play. Tolerton took the first long chance, zipping one through the hoop to give the Alumni the big count of the 9-1 score.

**Miss Many Shots**

Sidinger called time out, and apparently advised his team to play closer defensively, for the Alumni's almost flawless passwork was stopped. The High lads intercepted the passes, taking the ball down to the opposition's bucket, where they missed easy attempts. Bill Smith scored his single point of the game, a foul after Older was called for blocking. Scullion scored a beauty from the side, but the ex-Highs again started scoring, Allen dropping in two buckets and Marsh one in quick succession.

An entirely new team replaced the original Alumni lineup, Clarence Sidinger and Ted Kirkbridge replacing Allen and Tolerton at forwards; Clyde Jenkins going to center for Campbell, and Chet Kridler and Evan Jenkins taking places of Marsh and Older at guards. Seven of the ex-Highs Older, Campbell, Marsh, Kirkbridge, Tolerton, Allen and Kridler, were members of the great Salem High aggregation of '26-27.

**Outplay Alumni**

This combine was outplayed by the Stonemen, the score at the half being 19-9, the Alumni still leading. Freddie Guilford got loose for an easy sucker shot. Sidinger caged two fouls, Kirkbridge and E. Jenkins scoring the Alumni's trio of points this period.

Stone gave his lineup a shaking-up in the third period, sending Greenisen and Pasco at forward positions; Cope to center, and Sartick and Scullion to the guards. Greenisen, intercepting an Alumni pass, sneaked through with a neat dribble to score the opening field goal, and Scullion caged two fouls. Pasco sank a field goal from the foul line. Cope receiving a pass from Scullion to bring the score to 20-17.

Scullion scored a long shot from the center of the court, and brought his team to within one point of the Alumni. Marsh was fouled by Greenisen but missed the shot. Allen's foul placed the ex-Highs in the lead by two points, but Pasco's basket knotted the affair at 21-all. Cope, fouled by Campbell, missed the opportunity to place the Red and Black in the lead for the first time in the game.

**Score Long Shots**

The Alumni at this stage of the game started a barrage of long shot attempts at the hoop, Tolerton finally connecting with a spectacular basket past the center of the floor. Older and Allen each dribbled through the entire High aggregation to cage what were probably the classiest field goal shots of the game, giving the Alumni a six-point edge. Older scored again from the side, and Cope caged his team's final basket.

With only one minute to play the ex-Highs kept possession of the ball until the final whistle.

The outstanding work of Scullion, who replaced Captain Sidinger as the mainstay of both the offense and defense of the Red and Black aggregation, was the main feature. Older, Allen and Tolerton performed best for the old-timers.

**Girls Win Easily**

Almost perfect passwork of the Salem High lassies started Coach Oelschlaeger's sextet to victory in the first three minutes of the preliminary game. Betty Riddle counted the first basket. Zelle dropping in four straight on following plays. Bertha Kent added a field goal and foul, and the first quarter ended with the count 13-5 in favor of the High school team. Captain Bertha Mae Hassey, who caged a foul, and

## Tex Undergoes Operation In Miami Hospital

Miami Beach, Fla., Jan. 2.—Tex Rickard, premier sports promoter, lay in a flower banked room in Allison hospital, rendezvous of millionaires, minus his appendix and plus a great regret. He had been unable to attend the premier of his latest sports venture, the inaugural meeting of the Miami Beach Kennel club, the magnificent dog racing track which lies at the edge of the Atlantic at the south end of Miami Beach.

Fifteen minutes before past time in the first race at the new plant, said to be the most luxurious and complete greyhound racing track in the world, Rickard was rushed to the operating table for an emergency operation for acute appendicitis.

New York, Jan. 2.—The Jack Sharkey-Young Stribling heavyweight elimination fight scheduled to be held at Miami Beach, Fla., on February 27 may have to be postponed because of the illness of Promoter Tex Rickard, according to Colonel John S. Hammond, who is acting as manager of Madison Square Garden here in the absence of the promoter.

"This probably will mean that we will have to postpone the bout," Col. Hammond said last night when informed that the promoter had been operated upon for appendicitis. "However, we won't be able to make any definite announcement as yet. Mr. Rickard's illness will have its effect on every sport in which the Madison Square Garden corporation is interested."

Colonel Hammond said he had been informed that the promoter's wife was speeding home from Miami to the bedside of her mother, who is suffering from influenza.

## HARVARD GIVEN 800 PHOTOS OF BUDDHA STATUES

Cambridge, Mass., Jan. 2.—Photographs of a collection of 800 inscribed Buddhist statues, each of which bears the Chinese name of the respective divinity of the Lamaistic pantheon worshipped at the imperial court of Peking about the year 1750, are now the property of Harvard university, a gift of Baron Alexander von Stael-Holstein, professor of Sanskrit in the National University of Peking, and for the current year, a visiting professor at Harvard.

The gift to the Fogg Art museum was unique because the previous complete Lamaistic pantheon ever published in the Occident had only three hundred personages.

Rensselaer, Ind.—With a plentiful supply and fair prices, the frog business now is at its peak in Union township of Jasper county near here.

## Reigels' Run Will Go Down In Book As Season's Worst

Pasadena, Cal., Jan. 2.—Football for the current season was laid to rest here yesterday with all the quiet and peacefulness of a particularly violent wake.

In one of the most weird games of this or any other season, Georgia Tech, by defeating the University of California, 8 to 7, clinched its claims to national honors, and, at the same time, gave western aspirations a resounding sock on the nose.

In view of the astounding feat of Roy Riegels, California center and captain-elect, there is a movement afoot today to appoint an official navigator for the California team, and perhaps a compass or two.

When Riegels picked up a loose ball on Georgia Tech's 30-yard line and went into back motion until he was tackled by one of his own team mates on his own six-inch

## Fight Results

At Kansas City—Young Stribling Macon, Ga., heavyweight, knocked out Jack League, of Texas, 1.

At Milwaukee—Joey Sangor, Milwaukee, awarded newspaper decision over Tod Morgan, of Seattle, junior lightweight champion, 10. Morgan's title not at stake.

At Philadelphia—Louis (Kid) Kaplan, of Meriden, Conn., former featherweight champion, outpointed Ritchie King, Philadelphia 10.

At Fargo, N. D.—King Tut, Minneapolis, outpointed Russ Leroy, Fargo lightweight 10.

At Reno, Nev.—Jack Malone, St. Paul, won decision over Jack Gibbs, Los Angeles 10.

At Pittsburgh—Mike O'Dowd, Columbus, Ohio, outpointed Jack Rodgers, Pittsburgh negro, 10.

At Columbus, Ohio—Eddie O'Dowd, Columbus, outpointed Homer Roman, Newark, Ohio, 12.

At Scranton, Pa.—Pete Petrolle, of Schenectady, N. Y., defeated Billy Pollock, Scranton, 10.

At New Castle, Pa.—Henry Firpo, Louisville, Ky., drew with Jack Dillion, Nashville, 10.

At Hamilton, Ohio—Frank Palmer, Cincinnati, stopped K. O. Leonard, Nashville, 2.

At Cincinnati—Fred Miller, Cincinnati, outpointed Cecil Payne, Louisville, Ky., 10.

Dudley Ring, Cincinnati, won decision over Johnnie Cobb, Detroit, 6.

Vince Hambright, Cincinnati, stopped Paul Anthony, Sioux City, Ia., 9.

At Buffalo, N. Y.—Sam Bruce, negro, outpointed Freddie Mueller, Buffalo, 10.

At Allentown, Pa.—Ray Mitchell, Philadelphia, won decision over Nat Kowler, New York, 10.

At Akron, O.—Emmett Rocco, of Elwood City, Pa., outpointed big Bill Hartwell, Kansas City heavyweight, 10.

**READ THE WANT COLUMNS**

## Dramatic Year Fistic Crowns Should Change Heads Soon

By DAVIS J. WALSH

New York, Jan. 2.—The featherweight championship will come back to America in a straight player deal, or something, in exchange for the flyweight title, which will go to Europe; Ace Hudkins will win either the welterweight or middleweight championships or both; Fidel La Barba former flyweight champion, will take over the bantamweight title and, as for the heavyweight division, undoubtedly John J. Somebody will fall heir to the championship.

Looking ahead, as one will when faced with the unknown, Tom McArdle, Mister Rickard's man of matches, was very busy calling 1929's shots for him today and the above were a few of Thomas' utterances on the subject. The only incumbent champions who figured to remain, as is, throughout the year, he said, were Tommy Loughran and Sammy Mandell. According to Thomas' views, they stand out over all contention like a bald head by moonlight.

"I don't see anybody in the lightweight division who can or will better Mandell," said Thomas, busily blowing his bubble pipe. "Loughran is equally ahead of the light heavyweight field, having already beaten his best challenger, Leo Lomski. Of course, if Braddock beats Lomski this month, he will deserve a title chance, but we can't cross that bridge before we come to it."

**Crowns Secure**

"Loughran and Mandell, anyhow, seem sure to go through 1929 with their titles. A man almost equally sure of a championship, I should say, is Ace Hudkins. He either will be welterweight or middleweight champion, depending on whether he gets Joe Dundee or Mickey Walker to accept his challenge first. He might even win two titles, for it may be that he will persuade both champions to go in there with him. He can lick the pair of them."

Spider Pladner, the Frenchman, or Johnny Hill, of England, will be the new flyweight champion, according to McArdle, who sees Izzy Schwartz and Frankie Genaro as somewhat possible, including a La Phooey. La Barba, he says, has a world of class and will proceed to exhibit same to such purpose that the first bantamweight champion since Charley Phil Rosenberg will come into prevalent recognition.

The featherweight title? He says that will be removed, like an appendix, from Andre Routis, of France, and transferred to Al Singer, of the Bronx, another foreign country. He seems to think Singer a more plausible prospect than Kid Chocolate, the Cuban, Benny Bass, the Philadelphian, or Tony Canzoneri, the champion, once removed.

As for the heavyweights, Mr. McArdle is assuming that somebody will win the title some time and, if so, what of it? Listening to the gentleman on this particular subject, one is forced to the conclusion that, so far as he is concerned, a heavyweight is a great thing—under the heavy end of the piano on moving day.

# 10 MINUTES IN THE KITCHEN . . . AND YOU CAN SERVE A COMPLETE OVEN DINNER

That's all the time you need to take the food from the refrigerator, place it in the cold oven, and make the two simple adjustments necessary for "Flavor Zone" cooking. And that's all the time it takes for you to get a delicious, nourishing oven dinner this most modern way!

The oven and oven control have been especially designed to make "Flavor Zone" cooking completely automatic. It requires no watching or tending. You don't have to touch the Westinghouse Electric Range from the time you put the food in the oven until it is ready to serve.

You can be visiting, marketing, or at a club meeting when the "Flavor Zone" oven automatically turns on the current and starts cooking. When the best browning temperature has been reached, the current is shut off automatically and cooking is finished by retained heat. You never have to give your dinner a single thought.

# MOVIES

**"BEGGARS OF LIFE"**  
Jim Tully's realism, his humor, his drama, on the screen for the first time, started, thrilled, warmed and pleased large audiences at the Grand theater yesterday where "Beggars of Life" is showing.  
Never before has the saga of Bohemia been told with such fidelity. Never before has the secret of the wanderlust been revealed with such certainty. Here is a fighting story of men fighting an environment; a story of rough, cruel, lustful, brutal men, of dreaming men.  
Wallace Berry is back once again in the heavy, serious, dramatic roles in which he attained the greatest fame. As Odoardo Red he is a smashing, dominating genius. His interpretation of this huge, vital, human animal of trampdom is something to marvel at, to captivate the imagination. Paramount has chosen well in placing Berry in the pivotal role in this great drama.  
No less important to the story and no less successful in her interpretation is Louise Brooks, that slim, graceful girl who has won her way to moving picture fame by the sheer force of ability and personality. In "Beggars of Life" she plays a difficult role wonderfully well and climbs many rungs on her ladder to stardom.  
Richard Arlen actually submerges himself in his part. His is the important juvenile role; his is the difficult business of translating the truer spirit of the wanderlust.

sand pairs of eyes, shrouded in blackness, straining to that small, brilliantly-lit center of the gigantic arena. . . . Twenty thousand hearts beating furiously—twenty thousand throats disgorging strangled sounds of excitement, enthusiasm, fierce joy, the love of personal combat. . . . And in that small white spot—a square, raised platform, the calcium lights beating inexorably down—heave and struggle two white-bodied giants. . . . Straining, lashing out with the quickness of snakes, circling each other warily, likely—then a flurry of gloves, a flash of crimson blood spurting on a white face. The fight is on!  
Of such stuff is the climax of that gripping Gotham drama, "United States Smith," composed. This picture, which is at the Royal tonight and Thursday, heralded widely in other cities and from Hollywood, more than lives up to its promise. It is a smashing melodrama, pathetic in spots, laughable in others, but always with an undercurrent of tragedy and the realities of life. Based on a story of peace-time U. S. Marines, an immigrant had been widowed by the great country he has entered, a girl torn between love for two hard-boiled marines—"United States Smith" with Eddie Gribbon, Lila Lee, Kenneth Harlan and Mickey Bennett taking the leading roles, is well worth seeing.

**"THREE WEEKENDS"**  
She's done it again! Clara Bow, the "madcap of the screen" has everybody gasping with her latest screen sensation, "Three Week Ends." It's the pen of Elinor Glyn and, to judge by the audience which witnessed its opening performance here last night at the State theater, it's another amazing Bow-Glyn tie-up.

Clara Bow startled the motion picture world and motion picture audiences with her daring picturization of Elinor Glyn's "It"—"It" seemed to be the climax for dashing screen performance. And it was until "Three Week Ends" burst upon the screen. The Bow personality sweeps one off his seat and sets thousands of little nerves tingling that never tingled before.

Clara sweeps many days in a bathing suit winning the pennines insurance salesman whom she mistakes for a "big shot." Just watch her snub the "big butter and egg man" for a look from this Romeo. It's a wild and witching comedy from romantic Broadway. Noll Hamilton, Harrison Ford, Julia Swayne Gordon and a bewitching little "new" girl, Lucile Powers, are in the cast.

### STYLE EDICTS

Paris, Jan. 2.—Even the weather must bow to fashion in Paris. It no longer is smart to rain old-fashioned coats and dogs. Now it rains lizards and serpents.

The newest French raincoats are the tailored models in lizard and water-serpent effects. The few coats that are developed in genuine skins are prohibitively high, but the fab-

## THE HOME KITCHEN

By Jeannette Young Norton

### Varying the Winter Sausages

Old-fashioned country sausages are in great demand these cold days and appear on menus where least expected. The general run of sausages in butcher shops, or first-class groceries is good. There is a variety from which to select, some being of straight pork while others are mixed beef and pork. Some are highly seasoned, some are without a definite seasoning and they come in large and small sizes. The large sizes are best for even frying, or for pails that are made by slipping them from their skins and adding to them crumbs and seasoning, or to use for dressing. The smaller ones are splendid for quick frying for breakfast with pancakes usually.

There are, however, several kinds of homemade sausage that good cooks make and value in adding variety to the home menu. Among these are ham, chicken, game, mutton, liver and sweetbread. The following recipes tell the secrets of their making.

### Liver and Sweetbread Sausage

Boil a pound of calf's liver until tender and chop it fine. Parboil, after blanching, three pairs of sweetbreads in salted water for 25 minutes drain. Blanch eight mushrooms in cold water, trim, chop fine and combine with the liver. Add a grated onion, pepper, salt, a tablespoonful of sugar, three-quarters of a cupful of melted butter, a level tablespoonful of finely powdered sage, a tablespoonful of pecan nut meal, three tablespoonfuls of very fine crumbs, two small eggs and a

little celery salt. Shape into sausages, dust with flour, dip in beaten egg, roll in very fine crumbs and fry a delicate brown. Or bake in the oven. Serve hot, garnished with broiled potatoes and parsley.

### Game Sausage

This may be made of any game including quail and partridge. Clean and truss six large partridge or ten large quail, boil until tender, remove the bones, throwing them back into the broth for soup, and chop the meat as fine as possible. Add to the meat two large cupfuls of fresh lard, two cupfuls of fine crumbs, pepper, salt, a grated onion, a tablespoonful each of sage and very finely minced celery leaves. Mix well, then add two eggs beaten together. Shape into sausages and roll lightly in flour. Fry in hot fat. Serve on a hot dish garnished with water-cress sprays and slices of fried apple. Hot biscuits go with the sausages.

### Ham Sausage

Chop enough cold boiled ham to make three cupfuls. Chop it as fine as for a mousses. Add to it the juice of a large onion, pepper, a tablespoon of sugar, a teaspoonful of sage, a cupful of very fine crumbs, two small beaten eggs, a heaping tablespoonful of fresh lard and a little celery salt. Work all together until thoroughly mixed. Shape into sausages, roll in egg, then in very fine bread crumbs and fry in hot fat. Serve on a hot dish garnished with parsley and fried apples. Have baked potatoes and hot corn bread, or muffins, to complete the meal.

## HOME-MAKING HELPS

By Wanda Barton

### Daughter's Career—An Important Topic These Modern Days

Our first duty to our daughters, as it has been for generations, is to begin early after kindergarten days to make them good and efficient housekeepers, or home makers. This is not by way of a career, but a matter of self-preservation and protection against the things in life that may happen to the inefficient woman. Of course all the other feminine arts are taught along the best approved lines! All this comes early in life before the urge for a "career" looms upon her horizon.

What the career may be is influenced variously by the girl's environment, her opportunities, her health, her aggressiveness and determination. Frequently it may be retarded or postponed by home obligations, or a too early marriage. Everyone has, or can make, a chance for himself today. Neighborly with the entire world, vibrant work exploited everywhere, it is more a matter of first getting the big idea and then seeking its outlet.

Many a job well done leads to a career, and the forenoon paragraph is the one who seizes her opportunity. Many a girl today is usurping her brother's job and getting away with it. One young woman married a man much interested in lion taming and raising and has become his helper in the most unique lion farm in America. This girl started out as a newspaper writer. One of their lions valued at thirty thousand dollars was babied and coddled through its infancy to film stardom and is known wherever films are shown. Of doctors, lawyers, real estate

brokers, dieticians, nurses, bank officials and brilliant business women there is no end, many climbing to big positions and comforting salaries. Modistes, milliners, beauty specialists, chemists, hotel, tearoom and inn keepers, social directors, secretaries of all varieties, not mentioning women in politics as we see them today, even as office holders. All branches of the fine arts are open to the talented ones.

We discovered recently a woman wholesale varnish manufacturer, and a woman who has a seasonal occupation as camp counselor, visiting schools and colleges, lecturing and talking on the subject educationally and making plans for camp selection for groups who study along different lines. There are more than three thousand camps organized throughout the country and the trick is to select one that best suits your pursuits; the counselor helps to do this.

Again we meet a woman who travels for a group of fruit growers. She follows the output to its destination, visits its distribution centers and sees how it is handled and pushed. She meets the dieticians, getting their reaction on the products, gleams all information possible, visits Washington food bureaus and gets information that the growers could not get themselves, then she writes articles and ads for the product. She is a very young and attractive girl, who accepts her career as only a stepping stone to bigger things which is the modern attitude of the business girl who has found herself.

The traveling salesmen are not all men these days. Every maga-

## SUCCESSFUL METHODS FOR COMBATING FLU AND COLDS

Follow These Rules — Do Not Fool With a Cold — Use Tried Safe Methods

Look out for colds — even mild colds in the head and throat. Don't let them get down into the chest and lungs.

Don't expose yourself to damp or wet weather.

Don't go out if you are feeling cold, influenza, grippe, pneumonia or other serious sickness often come from colds.

The Danger Cold, "Flu" and Pneumonia Germs multiply by the millions and attack the weak and strong alike. Watch out for colds, they weaken your resistance. The greatest danger lies in that "simple cold." Kill that cold quickly.

It is of vast importance to clean out the entire intestinal tract, under and larger bowels regularly. Keep the kidney's well flushed and freshen and strengthen the blood.

Experience of 1918 The experience of the 1918 epidemic showed that one of the best and simplest treatments was to take

a steaming hot cupful of Bulgarian Herb Tea.

Why take any chances, why not be prepared to fight off your cold or "flu"?

The right thing to do now is to go to your drugstore, get a box of Bulgarian Herb Tea. Kill off your cold. Take it steaming hot twice a week. It will heat up the chilled blood, increase the circulation and rid the bowels and intestines of poisons and germs. Every family will find Bulgarian Herb Tea (purely vegetable) a real blessing to have on hand in this time of need. Keep your system clean all winter.

See your druggist at once. Your health—perhaps your very life—may depend upon taking this simple measure. Colds but a few days.

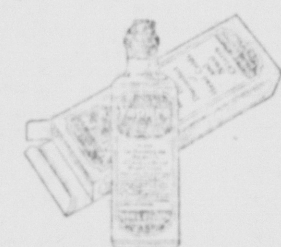

If you have had the flu or a bad cold already, watch out for a recurrence. A cupful of Tea twice a week is your protection against attacks.

Adv.

## FARM BUREAU AIDS COOKING

### Budget Systems Also In Scope of Activities Of Group

In the home economics division of the Columbiana County Farm Bureau, a vegetable cooking project has been carried on in 12 of the 18 townships in the county. It was announced by County Extension Agent Floyd Lower. During the season 43 meetings have been held with an aggregate attendance of 922 in which 43 families have been reached and assisted.

Vegetable and meat cooking projects are now being fostered in 10 townships and with the work less than half finished 41 meetings have

been held with an aggregate attendance of 946.

As a result of these projects, nine housewives are now keeping household accounts or keeping their homes on a budget system.

From the record of the agricultural economic division, it is related that during the last season 22 young farmers were started in keeping farm accounts, and that farm accounting is now being taught in a number of rural schools.

This division has also given assistance in farm management problems and also assisted in the study of county taxation problems. In addition the department has also given assistance in formulating a more satisfactory plan for the extension of rural power lines.

It has also been recorded that the Farm Bureau attaches recently inspected 1,787 colonies of bees on 279 premises and held a number of demonstrations and meetings where bee culture projects were discussed.

## LEETONIA

Leetonia residents have been practically free from the influenza that has been sweeping the entire country until the latter part of last week when a large number of cases developed. The churches showed the effects as some had small attendance on Sunday.

A marriage of interest to Leetonia persons, was that of Miss Dorothy Morgan, daughter of Mr. and Mrs. John B. Morgan of Youngstown, formerly of Leetonia. Miss Morgan was united in marriage with Lyle K. Butler of Franklin, Ind., on Saturday, Dec. 29, at Wickliffe Manor house by Rev. E. P. Wyckoff of Perry, an uncle of the bride, and also former pastor of the Leetonia Methodist church.

The bride was lovely in a poudre blue transparent velvet gown, wearing silver slippers and carried roses. Her sister, Miss Katherine Morgan, was the only attendant.

Mrs. Susan Allen and sons, Clyde and Frank Allen, the former the grandmother of the bride, were present from Leetonia.

The Misses Barbara and Amelia Wiedmayer gave a family dinner on Sunday evening at their home at 95 Chestnut st. Besides those of the family of Leetonia, guests were present from Keewauke, Ill.; Pittsburgh; Batesville, Mo.; Barnesville and Struthers.

The Monday evening church club was entertained by Mrs. Alice Hendricks on Monday evening at her home, 503 Columbia st.

Mr. and Mrs. O. M. Pittinger of

## "TON-LITTERS" MANY IN OHIO

More Raised Than In Any  
Year Past Despite  
Poor Market

Columbus, O., Jan. 2.—In the face of a year which was not generally favorable to pork production, more Ohio farmers this year bred and fed "ton-litters" than in any of the past five years. Forty-eight new ton-litters were reported this year as against 39 last year and 43 in 1928. A ton-litter is a single litter of pigs which have reached a total weight of 2,000 pounds when they are 180 days of age—which is nearly three times the weight of the average Ohio pig at that age.

As a result of this year's record, 40 new names will be added to the roll of the Ohio Ton-Litter Club, and 43 men, owners and feeders of the pigs, will receive medals and recognition at the annual honor-club banquet at the Ohio State university farmers week, Feb. 4 to 8. Five of the 43 men this year produced two ton-litters each. Three of them have previously been members of the club.

Fifty-three of Ohio's 88 counties now have one or more ton-litters. Fairfield county this year, under the impetus of a special project in swine management, scored nine memberships in the Ton-Litter club, bringing the total membership in the county to 19, the highest for any county. Fayette county, heretofore the leader, added only one name to the list this year. At present there are 174 members of the club have in the past six years, produced 242 ton-litters.

Name Members  
Former members of the club who scored again this year are G. N. Leebbaum, Waverly, Pike county;

## Ohio Farming New's Briefs

All departments of Ohio farm returned smaller incomes in November of this year than in October, with the exception of the grains. V. R. Wertz of the rural economics department of the Ohio Agricultural Experiment station reports the estimated grain income from the Ohio farms as advancing 47 per cent over the grain income of October.

As is usual, the gross cash income from farms, decreased in November because of the falling off in sales of dairy and poultry products. Both dairy and poultry products are normally higher in price in November than in October, but the volume of sales is so low as to cause a reduction in income from these sources and so large a reduction that the gross income as a whole falls off.

Estimated income from the sale of Ohio meat animals in November was 13 per cent below that of October. This is due chiefly, says Wertz, to decline in both prices and sales of beef cattle and calves. Hog prices likewise fell \$1.30 from October to November, but an increase in the estimated number of hogs sold practically made up in total income, the loss due to lower prices.

Forty-five carloads of dead hogs from Ohio farms arrived on the stockyard markets of Cleveland, Cincinnati, Pittsburgh and Buffalo, in one year. Not all in one train, of course. They were hauled, one or two or three at a time, out of the various shipments made during 1927. These dead hogs represented a market loss of about \$69,000 according to C. W. Hammans, marketing specialist in the rural economics department of the Ohio State university. The meat loss would keep a city of 7,000 persons supplied with pork products for a year.

## I Am Enjoying Better Health Than In Years

Another Officer Lauds Owa-Ton-Na For The Good It Has Done.

You folks who are sick and ailing and in a run-down nervous condition; those who are suffering from stomach, liver and kidney ailments; rheumatism and neuritis; don't give up hope. Hundreds of people right in this city who have recently been taking Owa-Ton-Na can tell of the good it is accomplishing for eager health seekers. Read the amazing story about one of the best known police officers in Massillon and you will soon learn that it is not hard to get yourself feeling right.

Mr. Harry Getz, who lives at 315 Rose ave., Massillon, says that in all his experience he has never taken anything that seemed to go right after the trouble and eliminate it. For several years he was gradually been getting in worse condition.

He says, "My stomach has not been right for the past 3 years. I was bloated up with gas, my head felt dizzy and groggy, and I was always tired out. Sometimes it seemed that I had to force myself to eat, my food had no taste to me. My kidneys were in terrible condition causing me frequent backaches and I had to get up several times at night to relieve them.

"I must have been getting to the point where rheumatism was getting in, as my joints frequently pained me and made me miserable. All in all I was feeling pretty bad and far from the way I used to feel."

"When Owa-Ton-Na was recommended to me, I thought it would be just like all the other medicines I had taken, but much to my surprise, I could notice a big change even from the first bottle. My old indigestion trouble seemed to disappear. When I sat down to the table I could eat anything that was put before me and what an appetite I had. At first I was afraid to

HARRY BETZ

eat what I wanted as I could hardly believe that I would not suffer from eating as I had before, but this fear left me as nothing seemed to hurt me. I don't have those awful attacks of gas and bloating and I can now eat anything I want.

"My headaches are a thing of the past and my kidneys are acting much better. What a relief it is to get rid of that tired worn-out feeling and to regain your old-time pep. I can certainly recommend Owa-Ton-Na to anyone who suffers with the conditions for which it is recommended. All anyone needs to do to be convinced is to give it a trial and I am sure the first bottle will make them equally as enthusiastic about this old Indian remedy as I am."

Owa-Ton-Na is sold in Salem at Flodings, J. H. Lease and Bolger & French drug stores.—Adv.

This is a page of a Coupon Pass Book—the kind you will receive when you join

## Our Christmas Money Club

It enables you to see AT ANY TIME just how much you have deposited, the amount of the next payment and when it is due.

Interest is paid, subject to Savings Department rules.

When you make your deposits our teller detaches the right-hand coupon, stamps the left-hand coupon as a receipt, and returns the book to you.

Only the first payment is due when you join the Club.

Required payments either weekly or monthly, plainly listed on second page of pass book for easy reference by depositor.

You may prefer to pay a page at a time. For your convenience the footing is printed on the last deposit ticket of each page.

You may have two or more memberships in the same class or in different classes if you so desire.

Payments are due weekly, but for your convenience, may be made in advance. This is advised when possible.

Can you think of a more simple or convenient method of accumulating money for Christmas?

The Club is Now Open For Members

Call at the bank today for one of our handsome circulars that tells you how easy it is to have a snug sum saved up for next Christmas.
